[INTRO] C C C C, C F G C C

    C        C                  C        C  
If I needed you would you come to me  
    C        F          G        C        C  
Would you come to me for to ease my pain  
    C        C                  C        C  
If you needed me I would come to you  
    C        F          G        C        C  
I would swim the seas for to ease your pain

    C          C                  C          C  
Well the night's forlorn and the morning's born  
    C        F                  G        C        C  
And the morning shines with the lights of love  
    C        C                  C          C  
And you'll miss sunrise if you close your eyes  
    C        F          G        C        C  
And that would break my heart in two  
    C        C                  C        C  
If I needed you would you come to me  
    C        F          G        C        C  
Would you come to me for to ease my pain  
    C        C                  C        C  
If you needed me I would come to you  
    C        F          G        C        C  
I would swim the seas for to ease your pain

[SOLO] C C C C, C F G C C, C C C C, C F G C C

    C        C                  C          C  
Baby's with me now since I showed her how  
    C        F        G        C        C  
To lay her lily hand in mine  
    C        C                  C          C  
Who would ill agree she's a sight to see  
    C        F          G        C        C  
A treasure for the poor to find

    C        C                  C          C  
If I needed you would you come to me  
    C        F          G        C        C  
Would you come to me for to ease my pain  
    C        C                  C        C  
If you needed me I would come to you  
    C        F          G        C        C  
I would swim the seas for to ease your pain
